ALMANACK AND TIDE TABLE.

JULY, 1847, TILL JULY, 1848.

ON the subject of the Tides, we may remark that they are effected by the unequal attraction of the sun and moon, but chiefly that of the latter object. The times of high water do not always answer to the same distance of the moon from the meridian at the same places, but are variously affected by the action of the sun, which brings them on sooner when the moon is in her first and third quarters, and keeps them back later when she is in her second and fourth; because, in the former case, the tides, raised by the sun alone, would be earlier than that raised by the moon, and in the latter case, later. When the moon is in perigee, or at her nearest distance from the earth, she attracts strongest, and therefore raises the tides most; the contrary happens when she is in apogee, or at her greatest distance from the earth, because of her weaker attraction. At new moon, when the moon is in conjunction with the sun, the tides are raised by the joint attraction of both luminaries, and therefore will be highest; the same is the case at full moon, when the sun and moon are in opposition; for whilst the moon raises the tides under and opposite to her, the sun, acting in the same line, raises the tides under and opposite to him, whence their conjoint effect is the same as at the change, and in both cases occasions what are called Spring Tides. But at the quarters, the sun raises the tides when the moon depresses them, and depresses them when they would be raised by the moon; hence it is the difference of their actions that produces the tides at the quarters, and these are called Neap Tides. But these tides do not happen till a day or two after the above times; because in this, as in other cases, the effect is not greatest or least when the immediate influence of the cause is greatest or least, but sometime afterward.

The sun being nearer the earth at the beginning than at any other time of the year, his attraction will then be most powerful, and of course, about January, the spring tides will be greater than at any other time, and greatest of all if the moon at the same time happen to be in perigee.

When the moon is in the equinoctial, the tides are equally high in both parts of the lunar day; but as the moon declines from the equinoctial towards either pole, the tides are alternately higher and lower at places having north or south latitudes. Whilst the moon has north declination, the greatest tides in the northern hemisphere are when she is above the horizon, and the reverse when her declination is south. The time and elevation of high water at Glasgow, are considerably affected by high winds in the Clyde. From the form and course of the Frith, it will be easily seen that a gale from the N.N.W. or N.W., by opposing the flow of the tide, will cause the time of high water to be earlier, and

height of the tide to be less, than it otherwise would be; while a gale from the S.S.E. or S.E. would have an effect quite the contrary, so as sometimes to make the tide vary considerably from the time noted in the table.

The time of high water at any of the following places may be found by applying the correction opposite the name to the time of high water at Glasgow. Should the time to be subtracted be too great, add 12 to the time of high water at Glasgow, and then subtract; the remainder will be the time of high water required in the preceding forenoon, if the afternoon tide at Glasgow is used; but if the forenoon tide is used, the remainder will be the time of high water at the given place in the preceding afternoon. If, after addition, the sum exceed 12 hours, reject 12, and the remainder is the time of high water in the afternoon, if the preceding forenoon tide has been used; but if the afternoon tide has been used, the remainder is the time of high water in the forenoon of next day.

POSTAGE STAMPS.

Stamps may be procured at the General Office, Glassford Street, the Stamp Office, and the several Receiving-Houses.

The Penny Labels, at 1d. each.

The Twopenny Labels, at 2d. each.

The Twopenny Envelopes, 24 for 2s. 3d., or 2 for 2½d.

The Twopenny Envelopes, 12 for 2s. 2d., or 3 for 6½d.

Stamped Half-sheets of Paper, 1½d. each, or 24 for 2s. 3d.

When the Value of Stamps on the Letter is less than the amount of the Postage to which it is liable, the Letter will be charged double the Amount of such difference on delivery.

Stamps may be used for *Printed Votes*, and *Proceedings in Parliament*, and on Foreign, Colonial, and Ship Letters, &c., *outwards*. If any Letter, however, addressed to places beyond sea, bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are not permitted to be used on Letters arriving in the United Kingdom from the Colonies or Foreign Countries.

These Regulations are applicable to Newspapers, in those cases where they are liable to Postage.

If the Stamps affixed to letters are mutilated or defaced, the letters will be liable to the unpaid rate.

A Stamp which has been cut from an envelope and affixed to a letter, entitles it to pass free of charge.

Redirected Letters are charged an additional postage for each redirection, according to the Prepaid Scale.

Adhesive Stamps should be placed on the right-hand corner of the upper side of the letters, above the superscription. The most effectual plan is to dip the label wholly in water—to shake off the water immediately—and to press the label upon the letter with a piece of clean blotting paper. *When the gum is dull in appearance, it will require rather more time and moisture to make it stick firmly than when it is glossy.* The purpose of wetting the label *wholly* is to counteract the tendency it has to curl up from the letter, when one side only is wetted—a tendency caused by the expansion of that side as it imbibes the moisture.

Members of either House of Parliament are entitled to receive, free of charge, Petitions addressed to either House, provided they are sent in covers open at the sides, and do not exceed the weight of thirty-two ounces. Addresses to Her Majesty go free of postage.

Printed Votes and proceedings in Parliament are charged at the following rate, between places in the United Kingdom, and between the United Kingdom and the Colonies, when conveyed by packet:—

Not exceeding 4 ounces,	1d.
Exceeding 4 ounces, and not exceeding 8 ounces,	2d.
Exceeding 8 ounces, and not exceeding 12 ounces,	3d.
and so on in proportion.	Prepayment optional.

Letters of Soldiers and Sailors remain unaltered, their privilege being restricted to half an ounce in weight.

Letters and packets exceeding sixteen ounces in weight, with the exception of those classes mentioned below, are sent to the Dead Letter Office, to be returned to the sender.

EXCEPTIONS.

Parliamentary Petitions and Addresses to her Majesty.

Parliamentary Proceedings.

Letters and packets addressed to, or received from, places beyond sea.

Letters and packets to and from public departments, and to and from officers who formerly franked by virtue of their office.

Deeds, if transmitted in covers open at the sides. These may, however, be tied with string, and sealed, to prevent inspection of the contents, though they must be left open at the sides, that it may be seen that they are entitled to the privilege.

The following Instructions have been addressed to all Postmasters, and are strictly acted upon:—

“GENERAL POST-OFFICE.—On and after the 1st January, 1845, should any Letter or Packet be tendered at your Office, which you may ascertain to contain, or which you have every reason to believe, contains any of the following Articles, viz:—Any Glass or Glass Bottle; any Razor, Scissors, Knife, Fork, or other Sharp or Pointed Instrument; any Leeches, Game, Fish, Flesh, Fruit, Vegetables, or other perishable substance; any Bladder or other Vessel containing Liquid; or any article, matter, or thing whatsoever, which might, by pressure or otherwise, be rendered injurious either to the Officers of the Post-Office, or to the contents of the Mail Bags,—you will refuse to receive such Letter or Packet.

“In the event of any Letter or Packet being taken in by you, and you do not, until afterwards, discover that it contains any Article as above described, or should any such Letter or Packet be deposited in the Letter Box, you will not forward it on to its destination, but you will detain it in your Office, and inform me, by the first Post, of the circumstances, stating the precise Address of the Letter or Packet, and its contents, or what you suppose them to be, when proper steps will be taken in this Department in the case, and you will be instructed in what manner to dispose of the Letter or Packet.

“Should any Letter or Packet, containing any Article as before mentioned, not be discovered by the Postmaster at whose Office it may be Posted, but be forwarded on to its destination, the Receiving Postmaster, to whose Town it may be addressed, upon discovering, or having every reason to believe, that its contents are such as those alluded to, will not send it out for delivery, but will detain it in his Office, reporting the circumstance by the first Post, and stating the nature of its contents, when he will be duly instructed in what manner to dispose of it.”

NEWSPAPERS, AND SUPPLEMENTS TO NEWSPAPERS.

ALL Newspapers must be sent in covers, open at the sides, and no words or communication may be printed or written on such papers or covers after the same shall have been published, other than the name and address of the persons to whom they are sent; nor anything enclosed or concealed in either newspaper or cover. News-venders only may print their names and addresses thereon. Newspapers may be examined by the Officers of the Post-Office; and if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage to which a letter of the same weight would have been liable. Any person contravening the law, may, at the option of the Postmaster-General, be prosecuted as for a misdemeanor.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.

“And be it further enacted, that in all cases in which a question shall arise whether a printed paper is entitled to the privileges of a Newspaper or other publication hereby privileged, so far as respects the transmission thereof by the Post under the Post-Office Acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be final.”

NEWSPAPERS FROM THE BRITISH COLONIES

are delivered free of Postage at any place within the British dominions. Those for persons who have removed may be forwarded by Post, free of charge, provided they have not been opened at the place to which they were originally addressed.

TO THE BRITISH COLONIES AND FOREIGN PARTS.

Newspapers liable to the Stamp Duty may be forwarded to the British Colonies and Possessions by her Majesty's Packet-Boats, free of the duty of Postage, provided the same be duly stamped, made up open at the ends, and put into any Post-Office *within seven days* after the day of publication.

Newspapers may also be forwarded to the Colonies by Private Ships for a Postage of One Penny each, and to Foreign Countries for a Postage of Twopence each, to be paid when posted, *under the same regulation as to date, etc.*

For days of despatch and Rates of postage, see the Alphabetical List of Foreign Countries, commencing at page 33.

NEWSPAPERS FROM ABROAD.

Newspapers arriving from BRITISH COLONIES or "FOREIGN PARTS," to which they are despatched free, are delivered free of postage. From places abroad, to which they are *not* despatched free, they are charged, on delivery, *Twopence* each; excepting those brought by the Closed Mail through France, which are charged *Threepence or fivepence* each. *All Newspapers must be printed in the language of the country from which they are sent.*

PRINTED PRICES CURRENT, having obtained the sanction of the Lords of the Treasury, pass through the Post-Office to the Colonies and Foreign Parts at one penny each, provided they contain simply the names and prices of articles; the names and addresses of the parties dealing in such articles must be excluded. Each copy to be made up in the same form as a Newspaper, with covers open at the end.

The title of the publication must be written or printed immediately above the address; and any other writing than such address, name, initial, or mark for reference of any kind, calculated to convey information as to the party by whom such publication is forwarded, will subject the same to full letter rates of postage.

Every Price Current to be posted within *seven days* after each publication; and no one can be forwarded a *second time* without being charged with full letter postage.

All other PRICES CURRENT, AND COMMERCIAL LISTS, published in the United Kingdom, *if duly stamped*, and *under the weight of two ounces*, will be treated as Newspapers, and enjoy the Newspaper privileges; *the sanction of the Postmaster General having been previously obtained.*

PRINTED PRICES CURRENT, AND COMMERCIAL LISTS, from the British Colonies France, Belgium, and Holland, are now admitted into the United Kingdom at the reduced rate of One Penny each, whether conveyed by Packet or by Private Ship.

PRINTED PRICES CURRENT, AND COMMERCIAL LISTS, from any foreign country, except France, Belgium, Holland, Prussia, and China, are admitted into the United Kingdom at the reduced rate of Two Pence each.

PRICES CURRENT, AND COMMERCIAL LISTS, from the British Colonies, *passing through* the United Kingdom, are liable to a Postage of Twopence each, to be paid at the time of being posted.

PRICES CURRENT, AND COMMERCIAL LISTS, from the British Colonies, *passing through* France, Belgium, or Holland, to the United Kingdom, are liable to a Postage of Twopence each.

PRINTED PRICES CURRENT, AND COMMERCIAL LISTS, to China, *via* Southampton, 2d. each; *via* Marseilles, 3d. each. From China, *via* Southampton, 3d. each; *via* Marseilles, 5d. each.

REGISTRATION.

Letters, whether containing Coin or not, can be registered, on payment of a fee of ONE SHILLING, in addition to the Rates of Postage, Inland, Colonial, or Foreign. On those for delivery in France, the charges besides the Registration fee of One Shilling, will be the English rate to France, in addition to double the French rate. A printed Acknowledgment will be given to any person registering a letter. Registered Letters will be taken *at the Bar Window and the Receiving-Houses within half an hour of the closing of the Box for the particular Mail* by which they are to be despatched. Letters for Registration, bearing a sufficient number of Stamps, will be considered Paid Letters; but the *fee of one shilling must always be paid in money.*

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood

that Registration can only extend to the Port of shipment. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they shall have been delivered, *if addressed to France*, and so long as they remain in the French territory, *if passing through France*.

The arrangements for carrying out the system of Registration have been made with the view of ensuring the safe delivery of Registered Letters. On their delivery, the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. *Parties transmitting Bank Notes, Bank Post Bills, Drafts, Jewellery, etc., should invariably secure their transmission by Registration*; and persons having occasion to send by Post *small sums*, are recommended to make use of

THE MONEY ORDER OFFICE.

Which is open *every week-day*, fast days excepted, from 10 a.m. till 5 p.m. The charge for such Orders is threepence on sums not exceeding *two pounds*, and sixpence on sums between *two and five pounds*. No Order will be given for sums beyond this amount; but if the sum to be transmitted exceeds *five pounds*, as many orders may be taken out as will make up the sum to be sent.

In cases where the personal attendance of the party to whom an order is payable is inconvenient, if the order is receipted (his or her name written in full), and the person presenting the order be able to give full information as to the Christian name, surname, address, and occupation of the person who transmitted the money, payment will be made, but not unless these conditions are complied with. Orders will not be granted in favour of any person, unless the Christian name of such person can be given by the party obtaining the order. Orders cannot now be granted in favour of the "Secretary" of any Society, the "Publisher" of a paper, &c.; in cases of *Firms* the initials only are required.

The towns upon which money orders can be drawn, are marked in the lists.

COLONIAL AND FOREIGN MAILS.

A single rate of Postage is given for each country.—See also alphabetical List page 23.

To those Countries marked "o" the payment is obligatory by the respective routes.

There being no bags despatched for London on Saturday, when any of the dates for the London, Southampton, or Dover Packets, fall upon that day, reference must be made to the alphabetical list for information whether the letters should be posted on the previous Friday or on the ensuing Sunday.

Letters or Papers for the *Morning London Mail* closing at 2-15, a.m., the postage upon which is intended to be paid in money, must be posted before 10-30, p.m. on the previous evening, at the General Office, and before the latest collection at the different Receiving houses.

In case of the Debtor removing to a different county, the decree may be enforced against him there, on being indorsed by the Sheriff-Clerk of the County to which he removes.—Judges, Sheriff and Sheriff-Substitutes of the County.

FORM OF PROCEEDING IN THE RECOVERY OF SMALL DEBTS.

DEBTS may be recovered in a summary form, before the Justice of Peace Court, to the extent of £5; and, before the Sheriff Courts, to the extent of £8 6s. 8d.

The first step is to set forth, in a complaint or libel, agreeably to a prescribed form, [the Clerks of Court will provide the necessary forms,] the origin of the debt, or ground of action; and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at the same time, be obtained to cite witnesses, and to use arrestments.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorise; but in no case by persons practising the profession of the law, without special leave.

If the defender fail to appear, after being cited personally, he will be held as confessed, and judgment will be given against him.

In the Justice of Peace Court, if the defender has not been cited personally, he will receive a second citation; after which, whether given personally or not, he will be held confessed, as above; but in the Sheriff Court only one citation is given.

But, when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a re-hearing, on consigning the sums decerned for.

If decree in absence be given against the pursuer, he may, within one month, obtain a re-hearing, on consigning 2s. 6d., if the case be before the Justices; and the expense decerned for, with 5s. to meet further expenses, if the case be before the Sheriff.

The case will be adjourned, upon the pursuer or defender offering a suitable excuse, or if any witness be absent.

If decree be given against the defender in his personal presence, diligence may proceed against him by arrestment instantly; and by poiding and sale, at the end of ten days.

If decree be given against the defender in his absence, poiding and sale, as above, can only follow after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decerned for by instalments.

The decrees of the Sheriff may be executed in any county, on the same being indorsed by the Clerk of such county.

Any arrestments used in cases before the Sheriff, must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may be loosed, on offering sufficient caution, or on showing evidence of absolvitor, or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff, for making effectual arrestments; but in such actions, both the defender and arrestee must be cited to appear in Court on the same day.

Decrees, pronounced in this summary form, by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary, or, if there be no Circuit Court, by the High Court of Justiciary, at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the Judge.

Such decrees, when pronounced by the Justices, will only be reviewable by reduction before the Court of Session, on the ground of malice and oppression, on the part of the Justices; and such reduction will only be competent for one year and finding caution for costs.

No person shall be exempted from the jurisdiction of Justices or Sheriffs, in such cases, by reason of privilege as a member of the College of Justice.

For a Cart-load of Furniture, or similar articles that require long time to load and unload, for the first hour, and so proportionally for each Cart,	1 0	1 0	1 0
And for every other hour, and so proportionally for each Cart,	0 9	0 9	0 9

In carrying Grain, the Carters shall always find sufficient Bags, and carry the whole of their load up one storey, or into a ground flat, without any assistance from the employer.

When the Cart-load is to be carried up more than one storey, the Carter shall receive 2d. per cart additional; but in this case the Carter may carry up half of the load at his own expense, his employer being at the expense of carrying up the other half.

The Carter, in all cases, shall assist in loading and unloading, but must always remain by his Cart; and, when able to do so, he must load and unload the Cart himself.

All such quantities of Goods as are to be considered as a single Cart-load, and likewise all Rates and Fares, not before specially provided for, in case of any dispute, shall be settled by the Sitting Magistrate.

III. The following Rules and Regulations shall be observed by the Carters, and shall be strictly enforced in all time coming:—

1st. Every Carter shall enter his name and place of residence in a book to be kept for that purpose, in the City Clerks' Chambers, and must find security for the faithful and honest discharge of his duty, under a suitable penalty; and any Carter plying in the streets, and neglecting to find such caution, shall forfeit a sum not exceeding two pounds sterling for each offence.

2d. Every Carter shall be furnished with a badge, which will be numbered according to the order in which his name is entered. These Badges must be worn constantly by the Carters when at work; and they must immediately get the number which is on the badge painted on some conspicuous part of their carts, under the penalty of ten shillings for each offence.

3d. Every Carter who shall refuse to work when not engaged, or who shall demand higher Fares than those specified in the foregoing Table, shall be liable to a penalty of ten shillings for each offence. And every Carter who says he is engaged, shall, upon being asked, specify the person by whom, and the hour at which he is engaged; and he shall not refuse to be employed in the interval between the time he is so asked, and the hour of his engagement, under a like penalty of ten shillings for each offence.

4th. Every Carter shall be furnished with, and shall always carry about with him a copy of these Regulations and Fares, which he shall produce and show, when required, to his employers, under a penalty of ten shillings for each offence. And,

Lastly. Every Carter is hereby enjoined, strictly to attend and conform to the Regulations in the Act 12th, Geo. III, cap. 45, and also to the Regulations with regard to the carriage of Timber, in the Act 33d, Geo. III, cap. 104, under the several penalties therein mentioned.

REGULATIONS AND TABLE OF FARES FOR THE CITY PORTERS.

By the Police Act, Section 103, no person is allowed to ply, or work on the streets of the City or liberties, for hire, as a porter, without first entering his name, and place of residence, in a book for the purpose, in the Town Clerks' Chambers, and without giving bond for the faithful and honest discharge of his duty, under such penalty as to the Magistrates shall seem proper, and without having a badge or ticket containing his number.

Persons wishing to be admitted as Porters, must apply to the Magistrates, by petitions, stating their place of nativity, age, residence, and former employment, and

produce satisfactory certificates as to character. On being admitted, and before being allowed to ply, each Porter must implement the above enactment; and he shall thereafter strictly conform to, and observe the following Regulations:—

1st. He shall renew his bond at the expiry of three years, and on the decease of the Cautioner, or his removal from the City; which decease or removal, he shall, within eight days thereof, intimate, in writing, to the City Clerks and Superintendent of Police; and he shall also, in the same manner, and within the same time, intimate his own removal or change of residence.

2nd. He shall wear his badge or ticket conspicuously on the left breast of his coat, which badge shall be of brass, and have inscribed the words "City Porter," and the number in the order of his admission; and he shall also have a transcript of said inscription painted legibly on the right side of his barrow or hurley.

3rd. He shall not, when unengaged, refuse employment when offered, whether on his station or not; and, if he alleges previous employment, he shall, when required, specify the nature and time of his engagement.

4th. He shall not demand higher fares than those specified in the subjoined Table; a copy of which Table, with these Regulations, and also a small plan of the City, divided into sections of a quarter of a mile, he shall always have in his possession, and produce to persons employing him, when required.

5th. When stations or districts are allotted to Porters, which shall be done by the Superintendent of Police, the Porters, except on extraordinary occasions, such as the Term time, when they are generally employed at *ittings*, shall not offer themselves for hire beyond the district assigned them.

6th. Not more than four Porters shall stand at any corner of a street or other station; and, as one station may be more advantageous for employment than another, they shall be so arranged as that each may have an equal opportunity of obtaining it. Thus, if the south corners of Glassford Street shall be deemed the most favourable, the four Porters who have been longest in the service shall take the west corner—the next four in order shall take the east corner—the next four shall take the west corner of Stockwell Street—and the next four the east corner of Stockwell Street; and when a vacancy takes place, by the employment or absence for a quarter of an hour, of any on the more advantageous stations, in this order—the Porter first on the next station, for the day, shall have the right of moving to it—that is to say, the first of the four at the west corner of Stockwell Street to the west corner of Glassford Street—and the first of the four at the east corner of Stockwell Street to the east corner of Glassford Street; or the first at the east corner of Stockwell Street may move to a vacancy at the west corner of Stockwell Street. The same rule shall be observed at the Cross, the south end of Candleriggs, and the north end of King Street; the south end of Buchanan Street, and the north end of St. Enoch Street; and at the other parts of the City where there are intersecting streets, or where there are two or more stations near each other.

7th. Not more than six Porters shall resort to, or take up a station at, any Coach-Office, inn, or other place at which Stage-Coaches arrive. On the arrival of Coaches, the Porters shall stand in a line on the curb-stones of the pavement; and they shall not leave the curb-stone or interfere with passengers' luggage, till singled out and engaged. They shall not importune, call out, or make any signal, to passengers for employment; and, unless especially selected by passengers, they shall take hire in rotation, each in regular succession.

8th. The object of these arrangements being to ensure good order on the one hand, and a fair opportunity of regular employment on the other, the Porters must strictly attend to their operation. For this purpose, they may establish rules among themselves, provided these are sanctioned by the Superintendent of Police, who may alter or rescind them, and provided they are not inconsistent with the Regulations hereby enacted. In the event of dispute or misunderstanding among them, the same shall be determined by the Superintendent. And, as a corrective of improper conduct, the Superintendent may remove such as do not comport themselves with propriety, to an inferior station, and promote the next in order.

9th. No Porter shall appear on his station intoxicated; if he does, he shall be removed, and the next in order shall take his place. All Porters are prohibited from standing on the pavement or crossings, to the obstruction or annoyance of the lieges; as also from smoking, when upon their stations, or in any manner giving offence. In general they are enjoined to conduct themselves orderly among

themselves, and discreetly towards the public; to obey the instructions of the Magistrates; and to assist the Police in cases of emergency, and on all occasions when required by the Superintendent, or the officers acting under his authority.

10th. Porters contravening, or not conforming to these Regulations, will subject themselves to a penalty not exceeding forty shillings; which penalty shall be awarded, and the Regulations enforced in a summary manner, by the Sitting Magistrate in the Council Chambers or Police Court, who may also dismiss from said employment, and deprive of their badge, such as shall offend.

THE VERY GREAT SUCCESS of this Company, since its establishment, may be attributed, among other causes—1st, To the acknowledged ADVANTAGES afforded by its DIFFERENT PLANS OF ASSURANCE; 2d, To the COMPLETE SECURITY afforded by the Subscribed Capital of a large and influential Proprietary; 3d, To the AMOUNT OF BUSINESS secured from that Proprietary, INDEPENDENT OF EVERY OTHER SOURCE; 4th, To the ADOPTION OF PREMIUMS calculated at MODERATE and yet PERFECTLY SAFE Rates; and

5th, To the principle of an Annual Division of the Company's Profits, by bonus to Policies effected on the Participation scale, which declaration of bonus was last year One and a-half per cent. on the amount of each policy.

PARTIES MAY ASSURE ON THE PLAN OF PARTICIPATION IN THE PROFITS of the Company, and secure every advantage to be had in a Mutual Assurance Society, WITHOUT RISK OR RESPONSIBILITY. Or,

THEY HAVE THE OPTION OF ASSURING AT THE LOWEST SAFE RATE OF PREMIUM, if they wish merely to secure a certain fixed sum at the most favourable per centage, whether IN CONNECTION WITH LOANS, or otherwise.

THE ASSURED ARE ALLOWED TO ADOPT ANY PLAN IN THE PAYMENT OF THE PREMIUM most convenient for themselves.

Every ADVANTAGE will be given to parties opening Policies on their Lives, in the NEGOTIATION OF LOANS, by Redeemable Annuity, or otherwise.

To PARTIES PROCEEDING ABROAD, beyond the limits of Europe, EVERY FACILITY IN THE OBTAINING OF LICENSE will be afforded at GREATLY REDUCED RATES, PROPERLY GRADUATED TO THE RISK, ACCORDING TO A NEW SCALE.

No ADMISSION FEE IS CHARGED AT ENTRY; and there is no additional expense whatever to Assurers, except the Policy Stamp.

IN ALL RESPECTS, the Company's Business is conducted in such a way AS TO AFFORD EVERY FACILITY AND ENCOURAGEMENT which can be offered for the extension of Life Assurance.

NOTICE.

The DIRECTORS of the CITY of GLASGOW LIFE ASSURANCE and REVERSIONARY COMPANY beg leave to acquaint the Public that they con-

tinue to receive Proposals for LIFE ASSURANCE on the DEPOSIT PRINCIPLE, as recently promulgated solely by this Company, and the United Deposit Assurance Company of Edinburgh, particulars of which are to be found detailed in the Pamphlets of the Deposit Department of this Company, now in circulation. It may be here stated shortly, that Deposit Assurance, as carried on exclusively by these two Companies, combines the advantages of Savings' Banks and Life Assurance, as will be seen from the following illustration.

When a deposit is made on an approved life, whatever the sum may be—one pound or one thousand pounds—it immediately commands two values—1st, The constantly increasing value of the sum or sums deposited, which, from the day when deposited, remain at the entire control of the depositor, to be operated upon, in whole or in part, as he may see fit. 2nd, The value which the sum deposited represents as an Assurance, payable on the party's death, whenever that event may happen. Thus, a party aged 20, for a sum of £50 deposited, will have, under the assurance value £132 18s. 4d., payable to his heirs at his death, whenever that may happen; at age 25, in like manner, £122 1s. 8d.; at age 30, £112 5s. 10d.; at age 35, £103 15s., and so on, according to his age at the time of his paying in.

In operating upon the sum deposited and the increasing value thereof, this sum is diminished to the extent of the amount withdrawn, while the Assurance value is diminished to the extent corresponding to the sum payable at death which this withdrawal represents.

For further information respecting this newly-adopted principle of Life Assurance, reference is made to the pamphlet now in circulation, and to the Manager of the Head Office.

THIS COMPANY (which has carried on the business of Life Assurance for upwards of twenty years with great success) combines, in the most beneficial way for the Assured, all the advantages of the different systems on which Life Offices have generally been formed.

The Participation Plan of the Company, from the large proportion (*Four-Fifths*) of the profits allocated to the assured, presents the best and surest Investment to all those desirous of accumulating beneficially for a family provision; and the equitable principles on which the Division of Profits is made, confers the highest benefits on all first-class Lives.

The Non-Participation Plan, in all cases of Loans or other money transactions where an Assurance is necessary or advisable, enables a party to obtain the security of a Life Policy of the most undoubted description, on terms extremely moderate.

MUTUAL FIRE INSURANCE.

The plan of *Mutual Assurance*, as it becomes more generally understood, is being more extensively supported; the following are extracts from the talented *Journal of Messrs. Chambers*, the eminent publishers of Edinburgh;—"It has been found that, by the plan of **MUTUAL ASSURANCE**, all desirable **SECURITY** is afforded, while the profits are divisible amongst the only parties who have any right to them, the Assured. The **MUTUAL SYSTEM** is the only one which the public at large are concerned to support."

THIS Society is enrolled under the Acts of Parliament passed 10 Geo. IV., c. 56, and 4 and 5 Will. IV., c. 40, as amended by 3 and 4 Victoria, c. 73, thereby securing many important advantages to Insurers, affording ample security at the least possible cost; and is FOUNDED on the EXPERIENCE and SUCCESSFUL PRACTICE of a local Society (confined to Two Counties) that has for upwards of FORTY YEARS realised an annual Profit of 75 per Cent., (after settlement of all claims for losses and expenses,) 50 per Cent. of which has been returned to the Insured, and 25 per Cent. laid aside to form a Reserve Fund.

TO LANDLORDS, FACTORS, BUILDING SOCIETIES, and all others having property to insure, the KENT MUTUAL offers many peculiar advantages.

Among the benefits to be derived are the following:—

ALL the PROFITS belong to the Assured, divisible every THREE YEARS, except a portion retained to form a reserve fund.

No PERSONAL liability to the Insured. All losses provided for by an ample *Guaranteed Capital secured by deed*, in addition to the annual premiums, and accumulating fund reserved for that purpose.

No legal expenses, as all disputes (if any) *must*, in compliance with the provisions of the Acts, be settled by arbitration.

No *farming Stock or Buildings* connected therewith Insured; that species of Property having proved to involve considerable extra risk.

ECONOMICAL MANAGEMENT of the Society and its Funds, being vested in Directors chosen by the Insured at *Annual Meetings* held for that purpose.

RATES, as reasonable as in other respectable offices; *except* in the case of *Millers, Brewers, Chemists*, and some others, for which they are considerably LESS.

Common Risks, 1s. 6d. to 2s. per Cent.; Hazardous, 2s. 6d. to 3s.; Doubly do., 4s. 6d. to 5s.
Special Risks upon favourable terms.

The Subscriber will be happy to give Prospectuses, and every information as to rates for SPECIAL RISKS; and receive instructions for Policies, for which, in all ordinary cases, he is authorised to grant PRINTED CERTIFICATES of insurance, (*giving immediate security*,) upon payment of the estimated premiums, or a deposit to account.

THE object of the PROFESSIONAL AND MERCANTILE FRIENDLY SOCIETY is the securing its Members against the contingency of permanent incapacity for Business, and for providing to them a deferred Annuity in old age, by means of a Fund to be raised by their own contributions.

The circumstances of the class for which this Society has been instituted, do not require that provision should be made for temporary sickness; but against the consequences of permanent sickness or superannuation, they require as much to be defended as any class of the community.

The present Society is accordingly instituted for the purpose of securing to the Members a provision for themselves and their families, should they be rendered incapable, by permanent sickness, of continuing their exertions for the support of their families; and for enabling them not to be deterred, by pecuniary considerations, from retiring from business, when warned, by the advancement of years, of the propriety of such relief.

This Society may be also considered as a great auxiliary to the beneficial system of Life Assurance, by providing an annual fund, at a period when the party assured may, from the effects of permanent illness, be totally unable to pay the necessary amount of yearly premium required to keep in force his Policy of Assurance, opened for the benefit of his family.

Two sets of Tables have been prepared for the use of the Society,—the one provides for a deferred Annuity, to commence at 65—the other a similar Annuity, to commence at 70; and in both cases the Annuity to commence, should the Member become unable by permanent sickness, to prosecute his usual business.

Tables of Rates, Forms for application to be admitted Members, and all other necessary information, can be obtained at the Office of the Society.

THE TWENTY-FIRST ANNUAL GENERAL MEETING of the STANDARD LIFE ASSURANCE COMPANY was held within the Company's Office, 3 George Street, Edinburgh, on Monday, the 15th day of February, 1847, in terms of the Act of Parliament by which the Company is constituted.

JAMES MONCRIEFF MELVILLE, Esquire, in the Chair.

A Report by the Directors on the progress of the Company's business during the year was submitted, in which the following results were communicated:—

The **NEW POLICIES** issued from 15th November, 1845, to 15th November, 1846, the Company's business year, amount to **592**, the number of Proposals made to the Company during the same period being **769**.

The **AMOUNT OF NEW ASSURANCES** covered by the **592** New Policies, is **£368,679, 7s. 10d.** (an average of **£625** for each Policy), the amount of Assurances applied for during the year being **£476,135, 17s. 9d.**

The **REVENUE** of the Company is upwards of **£120,000** per annum.

The **CLAIMS** have been moderate both in number and amount, and considerably less than shewn by the Mortality Tables on which the Company's calculations are founded. The results in other branches of the business have been favourable.

The **Business of the COMMERCIAL LIFE ASSURANCE COMPANY OF SCOTLAND** has been transferred to the Standard Company during the past year, being **398** Policies, covering about **£200,000** of Assurance; and being in addition to the new business of the year above reported.

The **Business of the YORK AND LONDON ASSURANCE COMPANY**, which was transferred to the Standard Company in 1844, continues to exhibit satisfactory results in its progressive development.

The Report and Statements were unanimously approved of; and the Chairman, after drawing attention to the important position which the Company now occupies as one of the first Life Assurance Institutions in the country, concluded by congratulating all parties on the satisfactory results exhibited. He also took the opportunity of drawing attention to the important benefits afforded to Assurers under the Company's Profit or Participation Scheme, and to the advantages of joining it before the

FOURTH DIVISION OF PROFITS at 15th November 1850.

THE ADDITIONS TO POLICIES,

Which have already been declared, are exhibited in the following Table, the examples being Policies of £1000.

Date of Policy Prior to			Sum in Policy.			Bonus Additions.									Sum in Policy, and Bonus Additions.

1840	1000	12	10	...	75	1087	10	...

By observing carefully the scale of additions, it will be perceived that the greatest comparative advantage is derived by those Assurers whose Policies are upheld with the Company for the longest period—a result which is produced by the particular principle of division which has been adopted, the measure of an Assurer's claim at each period being the number of years the Policy has existed.

Forms of Proposals and all necessary information can be obtained at the Office of the Company
By Order of the Directors.

SCOTTISH WIDOWS' FUND LIFE ASSURANCE SOCIETY.

At the THIRTY-THIRD ANNUAL GENERAL COURT of the SOCIETY, held on the 2nd March, 1847,

The HON. LORD COCKBURN in the Chair,

The Manager read various statements, showing, *inter alia*,

That the AMOUNT of INSURANCES effected during the year ending 31st December, 1846, was £447,200,—and the number of Policies 617,—being on an average of about £730 for each Policy.

That the AVERAGE AMOUNT of INSURANCES effected ANNUALLY during the last ten years had been upwards of HALF a MILLION.

That the CAPITAL arising from the accumulation of the Annual Premiums was at the same date, £1,805,860 Os. 9d., having increased during the year to the extent of upwards of £121,000.

That the ANNUAL REVENUE was at the same date £266,364 13s. 7d., having increased during the year to the extent of upwards of £17,400.

LORD COCKBURN—after special reference to the results shown in the above Statements—thus concluded his Address to the Court:—"Now, these are facts to which we are entitled to look forward, not merely with hope, for nothing is more delusive than hope, but with hope which is not confident but rational. (Hear, hear.) I have only to add, that enormous as these sums are, and dealing, though we have been, with hundreds and thousands of interested individuals, we have never since we began, had occasion to enter a court of justice. (Applause.) We have not had a single litigation since the Society began its labours. We have invested sums, the very mention of which staggers our conceptions, and this in periods of great public trouble, when great shocks were given to the stability of almost every kind of security; and yet, we have not lost by a single bad investment. I can say nothing that can add to the force of these facts. Words would be perfectly idle. It seems to me to be impossible that any intelligent or reflective mind can avoid contrasting the quiet and steady progressiveness of this Society with other modes of laying out money, in which there is often no gain at all, or in which the gain of one man is the loss of another. (Hear, hear.) That cannot happen here. These are waters upon which every man who casts the bread of his prudence is certain to have it returned at the time at which those who are dearest to him stand in the greatest need of it. (Applause.) I daresay you have often observed that the best part, even of the best discourse, always consists in the practical improvement. (Laughter.) I now come to my practical improvement, which is just this:—I suppose all of you have a taste for these Bonuses. I am mean enough to confess that I have. (Laughter.) Well, how do you intend or expect that they are to continue to be paid? Why, solely by increasing our business. The Directors cannot go on adding 2 per cent. to our policies every year, unless we enable them to do so by additions to our business. And how are we to increase our business? These gentlemen perform their duty by making the Society flourish. We have individually a duty to perform also. Can all of you say that during the last year you have endeavoured to bring insurers to this Society? I am afraid that there are many hundreds, if not thousands, to whom no such reflection has ever occurred. I am therefore particularly anxious to take this opportunity of impressing upon you, as you value your own interests, to say nothing of the interests of those to whom you may address yourselves, the expediency of suggesting to others the advantages and even the duty of Life Insurance. I do not presume to ask you to act as solicitors for this Society. But I do presume to recommend you to urge all your uninsured friends to leave a position generally so full of risk. You may recommend them further to take the best office they can find; and, if they find a better than this, I can only say that they must be miraculously fortunate. JOHN ALLARDICE, ESQ.

THE success which has attended this Company is owing to its plan being adapted to all classes, so as to allow every one to provide for those dependent upon him, by means of Life Assurance, *without incurring liability for annual payments*, and without abandoning during his lifetime, *the command and control of the funds which he is laying up*.

Thus the field of business open to the Company is a very extensive one, for they are enabled to issue Policies to *Professional Men, Merchants, Shopkeepers, Manufacturers, Farmers, Tradesmen, Clerks, Mechanics, &c.*; whilst on all former plans, Life Assurance has been confined to that limited number of persons who are possessed of fixed incomes, out of which they undertake to provide a certain premium on a given day yearly, failing which they forfeit all that they have paid.

Among the leading advantages of this Company's plan the following may be enumerated:—

1. *A Large Assurance is rapidly accumulated for the benefit of Survivors, whilst the Assured is free from all obligatory payments.*
2. *At the same time that an Assurance is effected for the protection of the Assurer's family at his death, he creates a fund of provision available to himself during his Life.*
3. *A perfectly new and highly favourable plan of Endowments for Children is afforded.*
4. *All payments to the Company are entirely optional.*
5. *The Assured has at all times the entire command of all the Cash he has deposited with the Company, in purchase of Assurances.*
6. *Payments to the Company may be left off for a time, or discontinued altogether, without any loss or disadvantage arising in respect of what has previously been paid in.*
7. *Any portion of the Cash paid in, or the whole of it, may be withdrawn by the Assured, when he finds occasion for it; or he has it in his power to Borrow a Sum, against the Cash standing in his Account, without decreasing his Assurance.*
8. *A most convenient form of ready and advantageous investment for Large or Small Sums is provided, as they may come into a party's hands.*
9. *Each person Assured has the nature and extent of his provision for the future left purposely free, and under his own control.*
10. *The facilities afforded by the Company are similar in practice to those of a Bank; Sums are received at all times, and to such amounts as parties may find convenient.*

Forms of Proposal by parties desirous of opening Assurances, Tables of Rates, and copies of the Company's detailed Pamphlets, with further illustrations, may be had at the Offices in Edinburgh and Glasgow, and at the Agencies.

ALEXANDER DICK,

LAND-SURVEYING CHAIN MAKER.

No. 10 BUCHANAN BUILDINGS,

105 STOCKWELL STREET, GLASGOW,

RESPECTFULLY returns his unfeigned thanks to those gentleman who have favoured him with their patronage since he commenced in the above line, and hopes by prompt attention to their orders, combined with being made of the very best materials and workmanship, and warranted accurate, still to merit a continuance of their patronage.

A. D. would beg leave to say to those who have not as yet given his chains a trial, that having been practically engaged in Chain-making for upwards of twenty-three years, and from his knowledge in the above line, and many decided improvements made by him, on his Chains (some recently), which are giving general satisfaction both in England, Ireland, and Scotland; he, for these reasons, feels confident a trial is only necessary to prove them second to none now in use, for cheapness, neatness, strength, and accuracy. And submits the following abridged list of prices for their inspection; but those wishing a complete list, may have it sent post free.

A. D. warrants both accurate, and made of the best materials, all Chains having "Alex. Dick, chain-maker, Glasgow," on the middle tillar.

Foot-Link Surveying Chains.

100 feet long, 100 round-eyed links, made of No. 8 wire, 200 round rings, and made of No. 7 wire, with superior made strong wire handles, with brass tops and copper swivels, 10s. 6d. each; and with a set of No. 5 link counters, 1s. extra.

100 feet long, 100 long-eyed links, with filed joints, 300 oval rings, and both made of No. 7 wire, with superior made strong wire handles, with brass tops and copper swivels, 18s. each; and with a set of No. 5 link counters, 1s. extra.

A. D. would particularly recommend the chains with long-eyed links, with filed joints, and 300 oval rings, and made of No. 7 wire, as being the best he makes; warrants them not to crank or twist up, nor so apt to stretch as those with round-eyed links and round rings, being made in a superior style.

Scotch Surveying Chains, made with or without the Fractions, only to Order.

74 feet long, 100 round-eyed links, made of No. 8 wire, 200 round rings, and made of No. 7 wire, with superior made strong wire handles, with brass tops and copper swivels, 9s. each.

74 feet long, 100 long-eyed links, with filed joints, 300 oval rings, and both made of No. 7 wire, with superior made strong wire handles, with brass tops and copper swivels, 16s. 6d. each.

Imperial, or Link-Surveying Chains.

66 feet long, 100 round-eyed links, made of No. 8 wire, 200 round rings, and made of No. 7 wire, with superior made strong wire handles, with brass tops and copper swivels, 8s. 6d. each.

66 feet long, 100 long-eyed links, with filed joints, 300 oval rings, and both made of No. 7 wire, with superior made strong wire handles, with brass tops and copper swivels, 16s. each. Any of the above Chains with brass handles is charged 1s. 6d. extra.

COLLINS' SERIES OF VALUABLE AND POPULAR WORKS.

THIS Series is designed to embrace a variety of popular and interesting Works in HISTORY, BIOGRAPHY, SCIENCE, and THEOLOGY, selected from the rich stores of AMERICAN and CONTINENTAL as well as BRITISH LITERATURE. The History of those great events which effected mighty moral revolutions in the world, and the Biographies of those great men who were the chief actors in their accomplishment, will form one department of the Series, while another will be occupied with the best Theological treatises, both of a doctrinal and practical character, illustrative of the great truths of Divine Revelation, and also of select Scientific treatises illustrative of the works of God as unfolded in the discoveries of Science. The Works of recent Travellers will also be introduced to illustrate the social state and moral condition of the people in various countries. The works will be selected with a special reference to the spirit and character of the age, to expose and counteract error in its various forms by a faithful exhibition of truth and of sound Scriptural principles.

No efforts will be spared to introduce into this Series Works, both original and selected, of an interesting and instructive as well as elevating character. While they are handsomely printed on fine paper and with good type, the price has been made so low that many excellent and valuable Works, which from their high price have been hitherto beyond the reach of the great body of the people, will now be rendered accessible to them. The Publisher therefore trusts that, from the great moderation in the price, and the superior character and intrinsic excellence of the Works, this Series will both merit and obtain a liberal share of public support.
